

CARIBBEAN BIRDING TRAIL

Through the Caribbean Birding Trail (CBT), we work to engage new audiences in the fascinating world of Caribbean birds. To help connect visitors and locals to the region's unique birdlife we create and promote sustainable and authentic experiences that are based on the cultural and natural resources of the Caribbean. To do this effectively we strive to develop partnerships at every level and across all sectors. *If you would like to collaborate with us, please take a few moments to fill out the following questionnaire for each site you would like to be highlighted on the Caribbean Birding Trail.*

Compiler Information:

Please tell us about the entity (e.g., business, non-profit, government agency) that would like to collaborate with the Caribbean Birding Trail in our goal of engaging people with the natural and cultural resources of the Caribbean.

Name (first and last): _____

Compiler's association with site (e.g. guide, manager): _____

Phone number/Skype name: _____

Email: _____

Organization name: _____

Organization geographical area of focus: _____

Organization website: _____

Organization mission statement: _____

Organization logo: (please attach high resolution .jpeg/.tiff/.png)

Organization physical address: _____

Primary contact person (if not yourself): _____

Contact information (phone, email, Skype): _____

Official Site Name:

Please tell us about a site that should be promoted on the Caribbean Birding Trail.

Alternative site name/s (if applicable): _____

Site Basics:

Location (e.g. town, parish, bay): _____

Island, Country (e.g. Carriacou, Grenada): _____

Physical location (latitude/longitude, e.g. 12.01628776, -61.73922122): _____

Area/size (e.g. hectares, acres): _____

Land owner/manager: _____

Protection (e.g. marine protected area, wildlife reserve, national park): _____

Designation/s (choose all appropriate): ☐ Important Bird Area (IBA) ☐ RAMSAR Wetland Site ☐ Key Biodiversity Area (KBA) ☐ Alliance for Zero Extinction (AZE) Site ☐ Other: _____

Habitat/s (choose all appropriate): ☐ Coast ☐ Wetlands/Mangroves ☐ Scrubby Savannah ☐ Dry Forest ☐ Farmland/Pasture ☐ Inhabited Areas ☐ Highlands/Cliffs ☐ Rainforest ☐ Botanical Garden ☐ Other: _____

Bird type/s (choose all appropriate): ☐ Seabirds ☐ Shorebirds ☐ Waterbirds ☐ Landbirds

Main and/or special bird species: _____

Endemic species/subspecies: _____

Restricted range species: _____

Endangered/threatened (according to IUCN): _____

Important location for breeding/nesting birds? ☐ Yes ☐ No

Management to protect breeding/nesting areas? ☐ Yes ☐ No

Breeding/nesting species: _____

Important location for migratory birds? ☐ Yes ☐ No

Common and/or special migratory birds: _____

Other significant biodiversity (e.g. plants, animals): _____

Site Information:

Site Abstract (1-2 short, concise sentences that give a snapshot of what makes this site worth the visit):

Description (In 2-3 paragraphs, describe the significance of this birding site. What is unique and special about this site? Describe the location and environment, the birds that may be seen, and any other unique features. Is there a trail; how difficult is it; is it maintained? What structures exist at the site (e.g. boardwalk, observation platform, signage, picnic tables)? *Show* visitors why this is the best place for them to come to bird on your island):

Visiting (In 1-2 paragraphs, explain how to arrive at the site, nearby landmarks, and if there are any entrance fees. This is also where to include information on organizations that will take tours to this site as well as recommendations of individual birding guides or companies):

Additional Information (If relevant, please include any information on historical/cultural significance of the site, conservation threats, and how threats have been addressed):

Photographs: Please attach (2 minimum) high-resolution photographs (.jpeg/.tiff format) labeled with the country, site name, photographer, and caption (e.g. SVG, Ashton Lagoon, L. Sorenson, Willet feeding). Please be sure to include both photos of birds taken on site and photos of the landscape and habitat at the site (e.g. salt pond, viewing tower).

Thank you for taking the time to provide us with information on your birding site! You may fill out this form multiple times, one for each of your sites.

If you have any questions about this form, please contact Holly Robertson, CBT's Project Manager, at info@caribbeanbirdingtrail.org. If you have any questions about the map or calculating latitude and longitude, please contact Aly DeGraff at aly.degraff@caribbeanbirdingtrail.org.

Once you have finished filling out this form, please **save** and **submit** *with photographs* and an *organization logo* to Holly at info@caribbeanbirdingtrail.org. Thank you for your time and interest!
